**Illinois Waterway  
Hydraulic Dredging  
Clark Island, RM 215.5-216.2**

Hydraulic Dredging operations will commence on the Illinois Waterway, Clark Island, RM 215.5 – 216.2.

Dredging will begin at 2200 hrs on Sunday, 14-October-2018 and will continue until Monday, 29-October-2018.

Dredging will be performed 24 hours a day, 7 days a week.

Mariners are requested to contact the Dredge Morgan Gale on working channel 73 thirty minutes prior to transiting the area.

The hydraulic dredge will have approximately 5500' of floating pontoons behind it and will be spilling on the right descending bankline. A crossing line will be used at various times throughout the job.
